## TARIFF AMENDMENTS

All the Important Ones Will Be Offered This Week.

LAST WEEK OF THE DEBATE.

The Sugar Schedule Will Be One of the First Ones Acted On—The Internal Revenue Bill May Become the Feature of the Debate—Probable Program of Both the Senate and House.

WASHINGTON, Jan. 22.—The coming week will see the conclusion of the tariff debate in the house. According to the special order the voting on the bill and pending amendments will begin Monday at noon.

During the past week no amendments of substantial importance have been voted on with any chance of adoption except that fixing the date upon which free wool would go into effect, which was carried by the radical Democrats, with the aid of some Republicans, over the protest of the Democratic members of the ways and means committee.

This coming week, however, will witness the fight over the big amendments to be offered from the Democratic side. The full measure of the Democratic opposition to the bill will then develop and considerable bad blood will doubtless be manifested.

The first fight will come on the sugar schedule. Three hours have been set apart for the consideration of the amendments to be offered by the sugar men.

Four amendments will be offered, the paragraph placing sugar on the tariff list if the plan is adhered to. The first will be that of Mr. McKee of Kansas to abolish the provision relating to the sugar bounty on the Wilson bill, which contemplates its gradual reduction one-fourth of a cent a year for eight years until it is wiped out. To this Mr. Price of Louisiana will offer an amendment to substitute in place of a bounty a duty of 1 cent per pound on raw sugar. A substitute for this to retain the McKinley bounty of 2 cents will be offered by Mr. Meyer of Louisiana, and Mr. Boatner will offer an amendment to the substitute to place a 1-1/2 cent duty on sugars.

This will exhaust the amendments that can be pending. The votes will be taken in the reverse order. The sugar men will make a strong fight on the ground that sugar is a revenue article, and in accordance with the dictates of the Chicago platform should be made dutiable to supply the deficit which it is estimated the customs schedules of the Wilson bill will cause. They will have the support of all the Democrats who are opposed to the income tax, including Mr. Cockran, Mr. Wilson and others of the ways and means committee. While it is generally admitted that they will probably be able to muster a majority of the Democrats, the Republicans, who are pledged to the free sugar feature of the McKinley law, will give them no aid. The chances of the adoption of a sugar duty for the above reasons are slim.

Tuesday has been set apart for the consideration of the amendments to the free coal and free iron schedules. The present duty on both these articles is 75 cents per ton. The coal men, especially of Virginia, West Virginia and Alabama, are at the back of this opposition and have the support pretty generally of the Democratic representatives from those states. The iron interest of the south, Alabama and Tennessee, and of the Lake Superior district, including the vessel interests of the lakes, is fighting against free iron ore. Both are willing to yield a portion of the duty, and amendments ranging from 35 to 50 cents per ton will be offered. Raw materials are made the backbone of the Wilson bill, and a herculean effort will be made to prevent defeat here.

The Republicans, if they join with the coal and iron men, as they probably will, may make the vote close, but the Democrats of the ways and means committee manifest no alarm.

Late in the week the internal revenue bill, including the income tax, will probably be offered as an amendment to the bill, probably by Mr. McMillan, although this has not been decided upon fully. If it is, this fight will be the feature of the debate. If the advocates of the income tax are successful as they claim confidentially they will be and it is put on the bill as a rider, it will cause several Democrats, at least, to vote against the entire measure. Other amendments relating to the tobacco schedule, lead ore, etc., and other minor amendments as the committee may offer will consume the rest of the week. When the vote is taken it is probable that a great number of amendments will have not received consideration. Mr. Richardson, the chairman of the committee on the whole, already has in his possession 77 amendments.

Forecast of the Senate's Work.

WASHINGTON, Jan. 22.—The present indications are that the senate will divide its attention in the main this week between the federal election bill and the policy of a bond issue as decided upon by the secretary of the treasury. There has now been a positive agreement upon the part of the Republicans to continue the discussions of the election bill and to take it up with a view to its final disposition.

Many of the Republican senators have given public assurance that they would not seek to delay the final vote upon this bill beyond a reasonable time for debate, and the fact that the Republican caucus took no action looking to deciding upon a policy concerning this measure, would seem to indicate that no such course will be pursued. On the other hand, the continued postponement of the uninterrupted discussion of the subject would seem to indicate that there may be some design of quietly brushing the subject

aside by pleading for delay until the tariff bill shall reach the senate and absorb its entire time.

It is evident that the Democratic leaders have some apprehension of a policy of this kind, and are determined that if such a purpose is entertained it shall not succeed. They will have a double reason for insisting on proceeding with the elections debate this week; first, that they are quite determined to dispose of the subject before the tariff bill is reached, and second, that they wish to, as far as possible, divert the speech making from the bond question. Hence, it may be reasonably inferred that the program as agreed to in the senate on Thursday last, with respect to this bill, will be observed.

Senator Lodge has given formal notice of an intention to speak on the bill on Wednesday, and Senators Hoar, Frye, Chandler, Higgins and Hawley have indicated that they would ask to be heard upon the subject before it shall be definitely disposed of. Among Democrats who will probably speak upon the bill are Senators Gray and Hill.

It will be impossible to keep the bond question entirely out of the senate, and there is a possibility that it may be made the subject of a number of speeches if not of considerable debate. Senators Peffer and Allen both have resolutions before the senate, taking Secretary Carlisle to task for his course, and Mr. Allen has given notice of a speech on Thursday based upon his resolution.

Mr. Peffer's resolution will come up today and it may be the means of precipitating this question the first thing in the week's proceedings. There are also other senators primed with speeches upon the bond issue, so that it will be very surprising if there is not as much attention given to bonds as any other subject before the senate.

Senator Call has given notice of a speech on the subject of patents to certain lands in Florida, and it is probable that Senator McMillan will ask to have a part of some day of the week set aside for enclaves on the late Representative Chapman.

GENERAL EMILE MELINET DEAD.

He Was Father of the French Army and Nearly a Hundred Years Old.

PARIS, Jan. 22.—General Emile Melinet, the father of the French army, is dead. He was born at Nantes June 11, 1798, and was the son of a general of the empire. He took part in the Spanish war in 1822, and was present at the siege of St. Sebastian. In 1840 he was promoted to the grade of chief of battalion. In 1843 he was sent to Algiers where he distinguished himself. He was recalled to France and promoted to the rank of general of brigade on Dec. 2, 1850.

In April, 1855, he served with the Army of the East Sevastopol. His bravery at the attack of Malakoff, on June 18, of that year, led to his being made general of division four days afterward. Returning to France he took part in the Italian campaign on Oct. 3, 1863, and was made general commandant of the National Guards of the Seine. He contributed greatly to the improvement of regimental music. He was elevated to the dignity of senator by a decree of March 19, 1865.

Dynamiters in Oklahoma.

GUTHRIE, O. T., Jan. 22.—A dynamite bomb, charged with enough dynamite to blow up a block of buildings, was found in the office of the townsite board yesterday. It was a piece of lead pipe three feet long. A party of newspaper men took the deadly instrument to the suburbs of the town and built a fire over it. It exploded, tearing a hole in the ground big enough to bury a horse, and the shock was felt for miles. It is believed the bomb was intended for Governor Renfro and School Land Commissioner Blincoe, as it was found in close proximity to the executive building.

Three Killed and Three Injured.

FINDLAY, O., Jan. 22.—At 7 o'clock Saturday night a wagon containing six persons was run into by a passenger train on the Toledo and Ohio Central railway at the northern outskirts of this city. The killed are: D. Rodecker and wife and Henry Russell, Mrs. William Horshy, John Sullivan and a 6-year-old daughter of Mrs. Horshy are probably fatally injured. The wagon was a heavy one, and it is supposed the driver was unable to urge his horses rapidly across the track when warned of the approaching train.

Lumber Thieves Discovered.

FLORENCE, Colo., Jan. 22.—Special Agent B. F. Stringle of the general land office dropped in on a lumber camp in Eight Mile canon, north of this city, where he found 15 men cutting down timber on government land and running a large sawmill. He ascertained that from 300,000 to 400,000 feet of logs had been cut, most of which had been shipped to Cripple Creek. The agent ordered the men to quit work, and will report the matter to the land office immediately.

Counterfeit Five Dollar Gold Pieces.

PARKERSBURG, W. Va., Jan. 22.—A well dressed stranger appeared in Weston a few days ago, got in with the "boys," spent money liberally, allowing no one but himself to pay for the drinks, slipped quietly out of town between two days, leaving half the merchants and several saloon men the possessors of a number of neatly made counterfeit \$5 gold pieces. He is said to have started toward the interior of the state.

No Meat For the Poor in Mexico.

CULICAN, Jan. 22.—The new tax on meat shops, which has gone into effect in the state of Sinaloa, has caused the price of meat to rise to such a degree that it is practically restricted for the use of the rich. In some cases, grasping dealers have taken this as the pretext for raising the price nearly five times its former cost. The new ruling and its results are making many protests.

## IT MAY BE STOPPED.

The Corbett-Mitchell Fight Not Yet a Sure Thing.

MITCHELL SPRAINS HIS LEG.

He Gets Mad and Declares That He Will Not Fight Under the Auspices of the Duval Club—Governor Mitchell Acting Very Mysterious—Check Don't Go in the Fight—Nothing but Cash.

JACKSONVILLE, Fla., Jan. 22.—The arrangements for the Corbett-Mitchell prize fight are about completed, although the location is still being kept within the confines of the club. In order to bewilder the mind of the "hoodlum" who is incidentally getting here very strongly in straggling units, the emissaries have given out a dozen or more places where the fight may be pulled off. The guessing ones are at their wits ends as to the location, and many and ludicrous are the methods employed in order to get tips.

It has been decided to spirit the principals away with their parties some time Wednesday afternoon. Each will be furnished with a special train, consisting of a Pullman buffet car and engine, and pulled away toward a common center by circuitous routes. The most plausible theory is that the men will be taken to a point north of this city near a neck of Georgia land, which puts quite a distance between two strips of Florida territory. The start will be made from this city early in the morning before sunrise, it is intimated, in order to give the fighters as much time as possible in which to effect a finish.

The club sent a commissioner to Anastasia island to notify Mitchell that a special car would be in readiness for him on Wednesday morning. According to the commissioner when he returned, Mitchell was in a very unpleasant state of mind when he learned what was required of him. It is said that he declares he would not fight under the auspices of such a club, and that he had put up with too many of their bluffs already.

A report came up from the Mitchell training quarters last night to the effect the English champion, during his exercise early in the evening had sprained and wrenched his leg. How serious that may be is not learned. Al Smith, however, came out with a proposition in which he offered to bet \$5,000 against \$1,000 that, sprained ankle or not, Mitchell would get into the ring with Corbett Thursday.

The Duval club has issued an edict, in response to the assertions which Mitchell is said to have made, in which the Englishman is served with a formal warning that the club would claim his forfeit of \$5,000 if he did not appear at the point indicated in the original summons Wednesday at 6 a. m. In addition to this, it is authoritatively stated that the referee will award the \$5,000 side bet to Corbett in that event. There is considerable other money which Mitchell would lose if he failed to subject himself to the orders of the Duval club.

State's Attorney Hartridge returned from Tallahassee yesterday after consulting with Governor Mitchell. Hartridge said that the governor had left the instructions of Sheriff Broward to Attorney General Lamar and the state's attorney. The attorney general together with Adjutant General Houston will arrive in Jacksonville this evening or tomorrow. The three heads will then be brought together and as a result the sheriff will receive orders.

Mr. Hartridge said that should the crowd board a train none of the railroad employees would be arrested, but he would say nothing as to whether the principals would be or not. Among several attorneys of this city the opinion that Governor Mitchell intends an important move on the morning of the 25th, is gaining strength. They have an idea that instead of preventing the fight by means of the militia the governor will order the arrest of Corbett and Mitchell on the charge of arranging for a fight, which Attorney General Lamar holds to come within the law prohibiting the arranging for a duel.

The men were arrested several weeks ago on the same charge, but County Solicitor Christie, said to have been acting under the instructions from the governor, refused to introduce evidence and the case, which was intended to test the law, fell through. The fact that the charge was not pressed does not, however, prevent the arrest of Corbett and Mitchell again on the same charge.

Should they be arrested on the morning of the 25th it would necessitate a postponement of the battle for one day at least, and the men would undoubtedly be put under heavy bonds to keep the peace until the courts decided the legality of the matter. This would effectually put an end to the contest. In case it was decided that the fighters were within the limits of the law it is not probable that the contest would then take place, as the men would be out of condition and the crowd gone.

It has finally been decided that the Duval Athletic club be compelled to turn into cash the check Referee John Kelly holds in trust for the winner of the big fight. Kelly yesterday waited on Jim Corbett at the latter's training quarters at Mayport, and had a long talk with the champion, Brady and Delaney.

Kelly showed the check he held, and remarked that he had heard that Mitchell had entered a protest against fighting for a piece of paper which, by injunction, could be tied up and made unavailable. Kelly stated that he did not care to take part in the transaction which might terminate as Mitchell feared. He had no doubt as to the sincerity of the club in the matter, but he wanted both of the principals satisfied before he left for the scene of the contest.

He then flatly put to Corbett the question: "Are you satisfied to fight for the purse in its present shape?" The champion thought the matter over for a moment and then answered: "I am satisfied with anything that Mr. Mitchell is. If Mitchell wants the check converted into cash, as is his privilege, I see no reason why it should not be done. It is not an unreasonable demand, and it will tend to promote confidence in the contest. I shall back up Mitchell if he insists that the money be put up."

Mitchell does insist, and there is nothing for the club to do but comply with the demand, which the sporting men agree is the only proper thing to do.

Tonight W. A. Brady, representing Corbett, and Bat Masterson, on behalf of Mitchell, will take Referee Kelly before the club and make a formal demand on the officials for the cash.

THREE KILLED, EIGHTEEN INJURED.

A Log Train Goes Through a Trestle, Carrying a Number of Workmen With It.

ST. STEPHENS, Ark., Jan. 22.—A disastrous accident occurred at Oganaw, a lumber station three miles north of here, Saturday night. The log train was coming into the station on its last trip from the camps, which are located several miles back in the country, and a large number of the woodsmen were returning with it.

Passing over a trestle when nearing the end of the run the woodwork gave way and the train, with its entire crew, went down, killing three outright and wounding 18 others. The killed are: Paddy O'Brien, Melville Dewitt and a man by the name of Chatham.

The correspondent could not learn the names of the wounded, as they were mostly new men on the works and their names were not known.

More Hawaii Messages Sent to Congress.

WASHINGTON, Jan. 22.—The president, in a brief note of transmittal, Saturday submitted to congress the latest correspondence relating to Hawaii. It comprises some brief notes of Minister Willis to Secretary Gresham, which are unimportant, but the chief features of it are letters passing between Minister Willis and President Dole, in one of which the minister complains of an intimation of President Dole as reflecting on the president of the United States, and a letter from President Dole, in which he specifically inquires if Minister Willis' instructions authorized the use of force. Both these matters appear to have been settled by the receipt of the last message of the president to congress and the latest instructions of Secretary Gresham to Minister Willis.

Telephone Exchange Destroyed by Fire.

LOUISVILLE, Jan. 22.—Fire completely gutted the telephone exchange in this city. The loss on the building is not great. The total loss is estimated at \$100,000, about half covered by insurance. The building is the property of the Ohio Valley Telephone company. General Manager Clifford says it will be three months before the loss will be repaired. The switchboard contained 3,000 wires and was completely destroyed. He says in his opinion the fire started from a crossing of wires with a street railway electric light wire.

One-Legged Lunatic at Large.

ST. LOUIS, Jan. 22.—An unknown man last night, just as the Omaha train was leaving the Union depot, unstrapped his wooden leg and attacked the porter. A hard fight ensued. At one time the fight looked like it would become general. At St. Charles the man was put off the train. He immediately got into a quarrel with an officer, and during the scuffle received a severe wound on the head. It is thought the man's mind is unbalanced.

Shipwrecked Sailors Saved.

NEW YORK, Jan. 22.—The French steamer La Bretagne, Captain Rupe, which arrived here yesterday from Havre, reports heavy gales and rough seas during the passage. On Jan. 19 at 10:20 p. m., in latitude 42:20, longitude 60:24, fell in with the fishing schooner Susan L. Hodge of Gloucester, Mass., dismasted and in a sinking condition. A boat was launched and the crew of 15 men were rescued and brought to this port.

Two Boys Fooled With Powder.

MARYSVILLE, O., Jan. 22.—Charles Burres, aged 14, and Lee Gibson, aged 12, built a bonfire and were throwing powder on the fire from a can containing half a gallon of powder. A spark from the fire ignited the powder and it exploded, terribly burning the two boys about the face and limbs. Dr. L. T. Henderson was summoned and dressed the wounds. Burres is in a critical condition.

Protest of Steamboat Employees.

MILWAUKEE, Jan. 22.—Steamboat employees to the number of 100 met last night and passed resolutions protesting against the employment of Canadians in American waters, and condemning vessel owners who, it is alleged in nine cases out of 10, keep unseaworthy lifeboats on their ships. They also claim that captains and inspectors are in league for the purpose of licensing unseaworthy vessels.

A Treasure of \$500,000 Dug Up.

GUADALAJARA, Mex., Jan. 22.—A short time ago Francisco Perez, a Spaniard, arrived at Ameca, this state, from Spain. He had with him drawings and papers giving the location of a hidden treasure said to be worth more than \$1,500,000, secreted by a band of bandits more than a century ago. It is said that Perez has already unearthed an iron box filled with gold coin valued at \$500,000.

Posen, Jan. 22.—Telegrams from Vilna say that the forcible closing of the Catholic church at Kroze was expressly ordered by General Orahevsky, governor general of Vilna, and that 16 persons were killed and more than 100 severely wounded on the occasion.

## RIOTOUS STRIKERS.

Bridgeport, Connecticut, in the Hands of a Mob.

THE POLICE SET AT DEFIANCE.

The Traction Company Discharge Five Men and a Strike Follows—Numerous Attempts to Start Cars, but All Save One Prove Failures—After One Exhilarating Day the Strikers Are Victorious.

BRIDGEPORT, Conn., Jan. 22.—Yesterday was one of the most exciting in the history of the city of Bridgeport. Not since 1861, when marching volunteers on their way to the front filled the streets, have the residents been so aroused. All day excited crowds thronged the streets and mob law prevailed. The police were set at defiance and a crowd of angry men ruled the town.

The rioting was one of the results of the discharge of five employees of the Bridgeport Traction company Saturday, and the strike which followed. About 100 employees of the company stopped work Saturday, completely tying up the road. They held numerous meetings, and sent a committee to the managers of the road in an effort to bring about a settlement. In this city they were unsuccessful. Yesterday morning 50 men came up from Jersey City to take the places of the strikers, and it was announced that the company intended to run its cars.

The men then held a long consultation and decided that they would not allow the company to run the cars. They concluded, however, to give the company another chance for settlement, and sent a committee to the owner and managers of the road. They were denied audience, the managers refusing to meet them as a committee or give reasons for the discharge of the men.

They announced they would meet the dissatisfied ones individually, but would not recognize them as an organization. The men withdrew and the strikers held a brief session, at which it was decided that they would not return to work and would prevent the company from running cars. Meanwhile the company was preparing to start service, and at 9 o'clock nine cars were run out of the sheds. They were in charge of the new men from New Jersey, the stable hands and about a dozen of the old men who reported for work.

The report that the company was to start cars, and that the strikers would try to prevent it, spread rapidly through the city, and in a short time all of the strikers and hundreds of sympathizers gathered at the main stable on Main street and along the streets through which the road runs. As soon as all the strikers were informed of the refusal of the owners of the road to arbitrate they proceeded to block the tracks on every street. The yards of the New York, New Haven and Hartford railroad were raided and railroad iron, ties, coupling pins, boxes and barrels were taken and piled on the tracks at various points.

Some of the cars were moved out of the sheds, but were unable to proceed but a short distance. They were surrounded by the strikers and their friends, and the crew were compelled to leave them in the streets. Police were summoned from headquarters and several cars were started with three railroad employees and a guard of three policemen. The crowds quickly drove the police from the cars together with the conductors and drivers. Sticks and stones were thrown and the windows of the cars broken. Several policemen and railroad employees were slightly injured.

May street, in the vicinity of the stables, was the centre of the mob. Here a crowd of nearly 50,000 gathered and encouraged the strikers. The men themselves, indeed, did not take such an active part as the young roughs in the crowd. The demonstration became so threatening that an alarm was sent out from police headquarters and all of the officers and specials who could be summoned were brought in. This force was stationed along the tracks, at the stables and on the cars.

The crowd near the stables and along the road increased in numbers until nearly 10,000 people were in the street. The presence of the police did not, however, deter the mob, and obstructions of all kinds were piled on the tracks as rapidly as they were removed. At intervals attempts were made to move the cars, and about noon several proceeded a short distance from the stable.

At 2 o'clock a car in charge of five policemen and several railroad employees was attacked at the corner of Congress and Main streets. Here a mob of about 2,000 men and boys were gathered. They bombarded the cars with stones, breaking all of the windows and injuring several of those in charge. At Williams street, in East Bridgeport, 500 men and boys raided the yard of Jones & Hoffmann, contractors, and piled lumber, trucks and other obstructions on the tracks.

At 3 o'clock the company succeeded in getting one car, strongly guarded by police, over the entire line, but this was the only one to make the circuit during the day.

At 6 o'clock a patrol wagon filled with policemen, and three wagons with railroad employees, left the stables to bring back a wrecked car at the corner of Congress and Main streets. On arriving there they were surrounded by a mob and a lively row ensued, in which a hostler employed by the company had his nose broken, and another employee was badly bruised about the body.

The police and railroad men retreated and abandoned the car. Meanwhile the mayor summoned the police commissioners, sheriffs and city officials and a conference lasting three hours was held with the owners of the road.

SPEAKING of the State meeting of the A. P. A. at Cincinnati last week, the Enquirer says: "The only Democratic community in this county where they claim to be particularly strong is Mt. Healthy, Springfield Township, which went Republican for Governor last fall, for the first time in its history. The President-elect is Dr. Wilson, of Springfield, whose former political affiliations were Democratic. It is asserted that the other officers, almost without exception, are Republicans." There's a pointer in this for Democrats.

**Lincoln's Laugh.**  
 Lincoln had a great laugh—a high, musical tenor—and when he had listened to or told a story which particularly pleased him he would walk up and down the room, with one hand on the small of his back and the other rubbing his hair in all directions, and make things ring with laughter.—D. A table rises and floats in mid air; flowers are brought and passed through the audience by invisible hands; spirit slate writing; questions written and retained by the interrogators will receive full and intelligent answers.

Sergeant Cox, President of the Psychological Society, Great Britain, says: "I have been an advocate of spiritualistic phenomena for thirty years, and if the manifestations of Mr. Slade are not genuine, and if it can be proven they are not, then I will never more believe in spiritual manifestations."

A small admission fee will be charged.

The election contest at Frankfort has at last been settled, and the Democrats win. Judge Cantrell held that the action of the 'election officers in the "Craw" precinct, in failing to make proper returns of the ballot of the precinct, did not prevent them from so doing now. He accordingly directed them to take the ballot-box and proceed to count the vote as cast. This duty required all the afternoon and the officers reported that a majority of thirty had been cast for Julian for Mayor and the remainder of the Democratic ticket.

Miss ELIZABETH BRYANT JOHNSTONE will assist Professor Vandevle in his lecture on "Dialects" at the Odeon, Cincinnati, to-night. The audience will be large and cultured and the entertainment one of the most charming given in the Queen City this winter. Our people should be glad to have an opportunity to see Miss Johnstone. She deserves a crowd. This is her old home and nearly all our older citizens are her friends. Compliment your friend by liberal patronage at the court house Thursday night, January 25th. Tickets 50 cents. Good music and singing.

The audience at the Christian Church last night was one of the largest that has ever attended religious services in that house of worship. Chairs had to be placed in the aisles to accommodate the crowd. Many people from the surrounding country, especially from Washington, were present. "Repent ye; for the kingdom of heaven is at hand," was the text of the discourse. One person responded to the invitation. There was one addition also Saturday night. Services again to-night, commencing promptly at 7:30 o'clock. Theme: "An Inquiry About the Largest Thing That Has Come to Our World." The public cordially invited.

Mr. CHARLES STEWART and Mr. John Dersch, of this city, and Mr. Frank Morgan, of Ashland, recently paid Mr. and Mrs. C. B. Chamberlin of Cynthiaiana a visit. While there, Mr. Stewart, Mr. Morgan and Mr. Chamberlin serenaded the editor of the Times, and that paper has the following complimentary notice of their playing: "The cornet solos of Stewart, the diversified songs of Morgan, and the Scotch bagpipe imitation of Morgan and Chamberlin will not soon be forgotten by us, or, indeed, by any one of the vast concourse of our citizens who were so unfortunate as to be their auditors. Truly these gentlemen combine a sufficiency of dramatic and musical ability to deeply interest the most fastidiously exacting musical critics that could readily be assembled together in our opera house."

The Bellevue correspondent of the Commercial Gazette says: "Frank Means, aged thirty-four, a bricklayer by trade, residing at 108 Front street, was found Friday evening wandering about the streets of Newport, stopping pedestrians, and begging them to send him to the asylum, stating that he was crazy, and wanted to go to the institution to be cured. Then he would begin to cry, and ask for medicine, and in pitiful tones beg to be taken to the asylum, as he was dangerous, and many times during the day had injured himself. He was taken before Mayor Nagel and closely questioned. It could be seen that he was far from sane, although at times he would regain his senses long enough to tell how he was affected. The latter part of last April his wife filed suit for divorce against him on the grounds of failing to provide, and from that time on until now she has not lived with him. Means had been boarding in Cincinnati, until a week ago."

At Newport Saturday, the unfortunate man was adjudged of unsound mind, and will be taken to Anchorage to-day. Means stated that he had an irresistible desire to kill every Jew he met for the reason that they had crucified our Savior.

## **THE PUBLIC SCHOOLS.**

**Notes and Comments by Mr. George W. Blatterman, County Superintendent.**

FRANKLIN—DISTRICT NO. 9.

Old Franklin presented a pleasing object to my vision when I drove up. The property had been neglected and I felt constrained last spring to urge the trustees to make repairs. They responded generously and exceeded my expectation. A good substantial fence surrounds the handsome lawn, filled with beautiful evergreens; eastern supplying abundance of water, &c. The house, which is a brick, has been repaired outside and within.

The trustees are Daniel Norris, J. J. Thompson and H. L. Norris, and they have discharged their duties faithfully. Mr. D. Norris is entitled to especial mention for his valuable services and the interest he has manifested in this school.

The teacher is Miss Alice Dorsey, and she is never at a loss for a good position. I have always found her exceedingly painstaking and diligent, feeling earnestly interested in her work. The exercises of the school are very satisfactory, and I was glad to hear a class recite in mental arithmetic. The scholars answered the questions with promptness and accuracy. I should like to find this branch more frequently in the curriculum of our schools. The deportment and bearing of the scholars was worthy of commendation, and I left the school with renewed encouragement in my work.

## THE LEGISLATURE.

### The Member From Crittenden County Creates a Little Sensation.

### Many More Bills Introduced—Some of the Useless Measures Promptly Killed—Other Matters.

In the House last Saturday the member from Crittenden County created a sensation by charging the Committee on Constitutional amendments with trying to smother his bill amending the Constitution so as to provide for an increase in the tax levy in counties for the purpose of making improvements and in liquidating debts. His motion to withdraw the bill from the committee was adopted, but upon explanation by Mr. Weaver that Mr. Beckner, the Chairman, had been necessarily absent a great part of the time, the bill was recommitted to the committee.

Mr. Jones' bill increasing the percentage of the allowance to Commonwealth and County Attorneys was reported adversely, but was ordered to a second reading.

The Judiciary Committee reported adversely Mr. Hopkin's bill providing a penalty against physicians for drunkenness while practicing their profession, and after the doctors in the House had denounced it as a villainous measure it was tabled by a good majority.

Mr. Baker's bill rearranging the legislative districts of the city of Covington and Kenton County and Mr. Johnson's anti-trust bill were both adversely reported and killed.

The Senate bill empowering the World's Fair Commissioners to pay out of the existing funds in their hands a debt of \$1,018, contracted by the Columbian Club in fitting up the Kentucky Parlor at the Fair, was defeated by a vote of 41 to 32.

In the Senate the following important bills were introduced:

A bill to make railroads responsible for damages from fires along their lines, caused by sparks from their engines, or otherwise.

A bill to provide that in elections a candidate in one county may have his petition of 100 certified in another county by the Clerk of the county in which the petition is filed.

A bill entitled "An act regulating the settlement of insolvent estates." The act makes the law conform in regard to claims secured by liens of any kind against insolvent estates. A creditor with a lien, after exhausting his lien, may prove the balance of his debt against the estate.

Mr. Hissen's bill to reduce the rate of state taxation was discussed till the close of the session, but a vote was not reached. It is meeting with serious opposition, and will probably not pass. Some of the ultra economists are opposed to it.

The Hiles Compulsory Education bill is a special order for next Friday.

The House has passed a bill authorizing Sheriff of any county to serve summons on witnesses in any other county under direction of the court. Also the Senate bill on liens for working men.

Among the bills now pending are the following: A bill prohibiting Sunday baseball playing, making the offense a misdemeanor, punishable in the sum of \$1 to \$5.

Authorizing the sale or rental of life estates, remainder interests or other uncertain, or contingent interests. The power is vested Circuit Courts.

An act regulating the qualifications of County Judges. It provides that he shall be at least twenty-four years of age, and shall have been a practicing lawyer at least four years.

An act fixing salary of Curator of the Geological Survey at \$50 per month.

A bill amending the educational bill. It relates to furnishing and repairing of school houses.

A bill providing that County Treasurers shall be appointed by the fiscal court of counties.

A bill providing for the abolishment of the office of the Trustee of the Jury Fund, imposing the duties of that office upon the Master Commissioner of the Circuit Courts.

A bill requiring private corporations to keep the seat of their principal offices in this State.

The bill giving Clerks in Circuit Courts a fee of \$5 in felony cases, and an additional fee of \$5 where the case is appealed and a transcript made was passed.

Mr. Charlton introduced a resolution, which was adopted, calling upon the Secretary of the State Board of Health to report what part, if any, has been used of the \$10,000 allowed to that board by the last Legislature to use in preventing the introduction into this State of cholera or yellow fever.

The Senate has passed the bill to prohibit attorneys from "officing" with a Sheriff of a county, and the bill to in-

crease from 3 to 5 per cent. the compensation of a trustee of a jury fund.

Mr. Hart, of Fleming, has introduced a bill for the protection of game and small birds. It shortens the hunting season and fixes a penalty for pot hunting.

A remarkable paper was referred Friday to the Senate Committee on General Statutes. It was in the nature of a petition from Dr. S. M. Marshall, of Jefferson-town, who wants the age of consent increased to sixteen years, and a law enacted making emasculation an additional penalty to a penitentiary sentence on conviction for rape.

## HE TRIED TO "BLUFF."

### But it Was no Good—He's Now in Jail Awaiting Trial on a Serious Charge.

Mention was made Saturday of the arrest of George Moore, alias Jim Pearce, alias Wm. Coe, on the charge of stealing about \$15 from White, Judd & Co. last March. He was given a hearing before Judge Wadsworth Saturday afternoon and committed to jail in default of \$150 bail to answer at the next term of the Circuit Court.

A year or two ago the accused was given employment by Mr. Jacob Marsh, of Charleston Bottom. He was found tramping on the highway at that time and was sadly in need of clothing. The family fitted him out with comfortable wearing apparel, and he was given light work about the place.

A few mornings later he rewarded his benefactors by breaking into a drawer and stealing about \$50 or \$60. He was apprehended in this city the same day, was indicted afterwards, but in the Circuit Court he was released on account of his youth. He promised faithfully to do better, and to leave the city.

It was not a great while, however, until he again made his appearance here and was given employment by Mr. Ernie White. He gave the name of Jas. Pearce this time. It was not long before he committed the offense for which he was arrested Saturday.

He made good his escape at the time, and had not been heard from until last Friday when Detective Fitzgerald spotted him on the C. and O.'s fast express. He claimed his name was Wm. Coe this time, and told Mr. Fitzgerald his home was in Memphis. Mr. Fitzgerald was on his way to Cincinnati, so he notified Mr. White of his discovery and that he would find his man on the eastbound train Saturday morning. The arrest followed as detailed.

The accused was identified by Constable Dawson, Mr. W. C. Marsh, Mr. Ernie White and others. The old indictment against him will probably be re-docketed.

**The slick rascal named Martin who swindled John Kelly, of Georgetown, O., on a bogus draft for \$65, and who operated in other sections, is reported apprehended at Anderson, Ind. The Sheriff of Brown County offers a reward of \$50 for his arrest. Kelly left at noon Friday to identify the man.**

### McNamara Still in Jail.

KANSAS CITY, Mo., Jan. 19.—J. V. McNamara, "ex-Priest of Rome," arrested last night for using language calculated to incite riot and for malicious slander in a lecture at Turner Hall, is still in the county jail being unable to secure bondsmen. Two or three friends called late last night, and offered themselves as sureties, but were unable to qualify. Additional charges have been made against McNamara, and his total bond is now \$3,900. Public sentiment of Catholic and Protestant alike is against the man, and he will probably remain in jail for months.

His case was called Saturday, but things looked so equally that it was postponed until next Thursday. A special from Kansas City says that the A. P. A. of that place disclaim any affiliation with McNamara. It is stated that his lecture was not delivered under its auspices. McNamara's agent was arrested Saturday on charge of carrying concealed weapons.

### Another Had the Call.

Colonel Wat Hardin, of Kentucky, was asked if he did not regard a certain fellow here in Washington who had dealt most villainously with him as the most perfectly unmitigated scoundrel he ever knew. The Colonel studied the question with thoughtful gravity a moment and then, loyally remembering another rogue of even meaner proclivities, finally decided: "No; I'm committed to a fellow out in Ohio."—Washington Post.

## ADVENTURES OF CASTAWAYS.

**Help Was Near at Hand, but They Were in Ignorance of the Fact.**

SAN FRANCISCO, Jan. 22.—A story of the adventures of castaways who were on an island for 80 days, comes from Auckland. The bark Spirit Dawn, bound from Chili to Rangoon, was wrecked at the Antipodes islands Sept. 4. The officers and crew, except the captain and four men, reached the islands safely. The men, who were scantily attired, were much exhausted. They secured their boat as best they could, but during the night it broke away. They constructed a rude hut of tussocks, and here they remained for 80 days until rescued by the Hinemoa, subsisting that time on raw mutton, birds, penguin, eggs and roots. They had no matches to light a fire. Although a government depot containing provisions, clothing, etc., was only three miles from the spot where they landed, they did not think of searching the island and remained in ignorance of its existence. Curiously enough, too, although there are many goats, sheep and cattle on the island, which is only 3,000 acres in extent, none were seen by the castaways. Notwithstanding their privations, the survivors, 11 in number, enjoyed excellent health, with the exception of a Rangoon native boy, whose toes dropped off. During the time they were on the island they saw four passing vessels, but were unable to attract their attention. The Hinemoa noticed their signals and a boat was sent ashore. The castaways were found in a piteous plight standing on the rocks, some with pieces of raw penguin flesh in their hands, which they were eating.

**Death of a Mayor.**
